AWAIS CHANDIO

SOFTWARE ENGINEER | FLUTTER DEVELOPER

PROFILE

As a skilled Flutter Developer with expertise in Dart, Firebase, REST APIs, and Flutter Flow, I specialize in creating robust and visually appealing cross-platform mobile applications. I excel at developing modern, scalable solutions tailored to client needs, ensuring optimal performance on both Android and iOS. Additionally, I leverage Flutter's rich UI frameworks to craft attractive, responsive, and user-friendly apps that seamlessly blend functionality with design, leaving a lasting impression. My freelancing experience has honed my ability to innovate, solve complex problems, and consistently deliver impactful results in mobile app development.

WORK EXPERIENCE

Bidbuy Start up

JUNE-2021 - JULY-2021

Flutter Developer

- Developed a cross-platform mobile app using Flutter for Bidbuy, a startup focused on digital bidding and e-commerce.
- Integrated Firebase for real-time data synchronization and user authentication.
- Implemented responsive UI using Flutter widgets, ensuring optimal performance across Android and iOS platforms.

NFTP(National freelancing Program) | Jamshoro

MAY 2022 - JULY2022

Content Writer

- During my internship at NFTP, I refined my content writing abilities while working in a dynamic and collaborative setting. Collaborating closely with industry professionals, This opportunity not only expanded my practical knowledge but also prepared me to adapt swiftly to industry demands, strengthening my ability to deliver quality content efficiently.

Internship Alerts

NOV 2022 -- DEC 2022

Flutter Developer Intern

- Developed the frontend for various mobile applications, focusing on user-friendly design.
- Led the project for building a complete Learning Management System (LMS) for students.

PROJECTS

EADmin Scribe

Web based Project

- Developed a web-based platform, tailored for Admins.
- Features include built in templates that are easily accessible and easily customizable accordingly.
- Tools Used:** HTML,CSS and JS Node.js, Firebase, Tailwind CSS.

Travel Fleet

Website for MiniBus Booking

- Crafted engaging content for mining booking platform dedicated to prioritizing and engage user experience. As the Content Writer, I developed blog posts, service descriptions, and all website pages, ensuring the content was optimized for search engines and user engagement. My writing aimed to drive traffic, enhance customer understanding, and improve overall site interaction.
- Tools Used:** Grammarly, Yoast SEO, Google Docs.

MedicoATEase
